DISCOVER THE POSSIBILITIES

School-Issued Device Policy

Exploration Academy utilizes laptops and other electronic devices as a central tool, so students may pursue personalized learning. School owned laptops and personal electronic devices have been assigned to your student.

VASD has established a policy and agreement regarding the issuance and responsible use of these devices. In addition, Exploration Academy has established disciplinary measures in the case that school issued laptops or electronic devices are not utilized responsibly.

Possible consequences for the mishandling, misconduct, or intentional damage of a school-owned device include:

- Formal Warning
- In-class consequence
- Parent contact
- Loss of laptop or of network access for extended period of time
- Loss of privilege to take device off-Campus
- Loss of privilege to take device from EA
- Loss of privilege to use mobile device
- Administration referral and School-based consequences
 - Community Service
 - Suspension
 - Expulsion
- Referral to Police

The above consequences may vary based upon the nature and severity of the infraction. Multiple infractions will be treated in a progressive manner.

Students will be able to access desktop/non-mobile technology at school.

Students will be required to participate in a Technology Responsibilities and Care "course" before being re-issued a device.
